

VIDEO

DON'T LET YOUR FUTURE CONTROL
YOU.
CONTROL IT INSTEAD.

UFinder is a searching tool aimed for high school students, who want to maximize their chances to access the best Universities, based on their situation.

Instead of wasting time seeking for help on forums, searching for the tuition fees on each University website while keeping an eye on rankings and the applications deadline, UFinder does all this work for them.

Users (students) can input their own information and our matching algorithm will advise them with the Universities that correspond the best to their ability and academic/career goals

Ufinder

Program chosen*

Computer Science

Country of preference*

Canada

City of preference

Ottawa

Details about previous grades

Tuition fees budget per year (in CAD)*

0 \$ 42,500 \$ 85,000 \$

Have you taken an IELTS test in the last 2 years?

No
