- **Chess Club:** Co-Founder of chess club in High-school. Participated in creating friendly tournaments in school and weekly chess gatherings.

SKILLS

BSc with Honours in Computer Science

This program combines the study of computation and information processing fundamentals with their application in the world around us. We will learn to build fast, reliable, scalable and secure software systems to organize and analyze information. I hope to specialize in databases, artificial intelligence, computer graphics, security,

distributed computing and algorithm design, culminating in an honours project. My end goal is to use creative and innovative talents to conceive, design and implement software systems.

Communication

Oral Communication: Knowledge of multiple languages and interest/participation in debate has lead to a high level proficiency in oral communication.
Written Communication: Understanding of different concepts and a large interest in literature has lead to a high level profeciency in written communication.

Computers

Advanced knowledge and profeciency in multiple programming concepts/languages such as C++, C#, Python, Javascript/ActionScript, Visual Basic, HTML and CSS.

Leadership

Excellent management skills and leadership capabilities stemming from experience in founding and managing an official Robotics Club at Holy Trinity, being a part of multiple soccer teams, mentoring junior soccer teams and taking lead roles in groups.

WORK EXPERIENCE

Feb 2021 - Jul 2021

Employee Part Time
The Wendy's Company, Kanata, ON

Team Member. Spent hours working both as a cashier and working at the burger/grill station.

Aug 2020 - Jul 2021

Employee
Tim Hortons, Kanata, ON

Team member at Tim Horton, working in different roles such as baker, cashier etc.

Aug 2019 - March 2020

Shop Employee
Esso Gas Station, Kanata, ON

Managing and maintaining a gas station/convenience store alone on an 8-hour shift

Sept 2018 - Sept 2018

Canvasser Freelance
Desjardins, Kanata, ON

I was outside 2 hours a day canvassing, informing people about the services Desjardins was offering in it's new branch opening near them.

OTHER WORK EXPERIENCE

Sept 2017 - March 2019

Kanata Youth Council Member
Ontario Liberal Party, Kanata, ON

Had the honor of working with Karen McCrimmon and Jean-Gabriel Baisi to discuss problems in our community and solutions to them alongside other young council members, creating a responsibility in our group and exhibiting leadership skills.

April 2017 - June 2019

Assistant Soccer Coach
Bridlewood Community Association, Kanata, ON

Assisted neighborhood soccer coaches in helping handle and lead kids, teaching new skills and help set-up community soccer matches for 3 different terms in a row (3 years). This was a clear demonstration of my leadership skills

March 2018 - June 2018

Data Management and Canvassing
Ontario Liberal Party, Kanata, ON

Worked with Stephanie Maghnam for over 50 hours in canvassing for the 2018

election political campaign and partly working inside to enter data (pertaining information about a user's legality to vote, support, etc,) collected throughout town into the computer and organize it efficiently.

March 2019 - March 2019	**Organizing Special Olympics** Innovapost, Kanata, ON A one day event where I helped organize and help arrange a round for the Special Olympics held in Ottawa.
Aug 2019 - Oct 2019	**Canvasser** Liberal Party of Canada, Kanata, ON Worked with Karen McCrimmon in the 2019 elections, knocking door to door to help her political campaign in Kanata, ON.
Feb 2019 - May 2019	**Tutor** Holy Trinity Catholic High School, Kanata, ON I helped 2 students in total with their academics by re-teaching them lessons after classes, explaining difficult concepts and engaging them with real-life applications.

OTHER INFORMATION

Summary

Highly responsible, motivated high school senior. Upbeat, positive attitude, quick learner, team player
with a strong leadership skills. I am self-guided, goal oriented and dedicated programmer with deep
passion of computer programming and artificial intelligence and love to take initiatives.

Additional Information

I am an individual that has always been inclined to create things fun and innovative. Through my efforts, I've worked on many personal, self-guided programming projects such as platformer games, puzzles, bots and others to use as both a learning experience and purely for my enjoyment. Creating things, not only for myself but also for others to enjoy has always been my passion and programming for me is a great catalyst to channel it. It is through challenging myself, that I grow, and I believe that challenging myself at Waterloo university is something I would like to accomplish next, setting a standard above what I've currently been experiencing in university. I'm a self guided learner and know more than 5+ programming languages including python, javascript, html, css, and most C based languages. I hope to continue on this path and be able to innovate on a higher level in the future.
